* Viagra is a registered trademark of Pfizer, Inc.

VIALAFIL

(xanthomonier) capsules

VIALAFIL® is a formulated premium supplement designed to support men's sexual health. Acts as a natural alternative to popular prescription drugs.†

VIALAFIL® was created through extensive research to discover the most potent formula for maximum effectiveness in men! We also made sure that the maximum daily dosage falls within safety guidelines. The VIALAFIL formula is helpful for supporting healthy circulation to the male genitals for proper erectile function.†

VIALAFIL'S wide-ranging benefits are due primarily to its role as a precursor to nitric oxide (NO). Nitric oxide is produced in response to arousal messages from the brain. It triggers the release of a compound that causes the smooth muscles of the spongy tissues inside the penis to relax, allowing the tissue to engorge with blood. VIALAFIL'S formula works to stimulate the release of nitric oxide helping overall circulating health and promoting better erectile function.†
